The background of the entire image is a collage of three black and white photographs of Middle Tennessee State University. The top photograph shows a large, multi-story brick building with a prominent portico supported by columns. The bottom-left photograph shows another large brick building with many windows. The bottom-right photograph shows a brick building with several vintage cars parked in front of it. In the center of the collage is a white rectangular area containing a library book cover.

MIDDLE TENNESSEE STATE COLLEGE

MURFREESBORO, TENNESSEE

"The College of Individual Opportunity"

"A Decade of Progress"—The Campus in 1944—in 1954.

Brief History and Future Plans of MTSC

In 1911, Middle Tennessee State College was begun as Middle Tennessee Normal. At that time the facilities of the college included only the Administration Building, the old cafeteria, and Rutledge Hall.

Since that time, MTSC has grown to an up-and-coming institution with twenty-eight buildings including two new dormitories, the Student Union Building, the Science Building, and many others. The aviation department has moved to a new airport on Lebanon Road.

Plans for the future include an ROTC Armory, a new library, a practice house in home management, and a nursery school.

ADMINISTRATION

PRESIDENT Q. M. SMITH

In 1938 Q. M. Smith became president of Middle Tennessee State College. With his excellent guidance and intelligent leadership, our college has grown steadily. Under the administration of Mr. Smith many new buildings have been added to our campus. Such buildings as the Memorial Health and Physical Education Building, the Natatorium, the new stadium, the four units of the Industrial Arts department, the agriculture center of three units, the Student Union Building, the new boys' dormitory and a girls' dormitory have been added; and plans have been approved by the State for a new library. Over a hundred housing units were erected as a part of the post war development for veterans. A new maintenance building and the ROTC armory are in construction.

It is really not necessary to elaborate upon the many important contributions Mr. Smith has made to the college, because his outstanding record speaks for itself.

President Smith has done a highly commendable job and deserves the highest praise. In his sixteen years on this campus, he has set an example for the student body of untiring devotion and capable leadership.

Governor Frank Clement, America's youngest executive, has made his influence greatly felt at Middle Tennessee State College by his undying efforts for education.

When members of the State Board of Education met at Middle Tennessee State College on February 4-5, the college turned all-out to meet them. They were entertained at dinner where the student body officers were hosts and hostesses. They were taken on a direct tour of the campus by these officers. The tour ended in a reception at the new Monohan Hall.

State Board members meeting here were Bartlow Strang, Sam Wilson, W. R. Landrum, R. B. Webb, Fred C. Elliott, Mrs. Ferdinand Powell, Edward L. Jennings, Miss Mary McGrady as assistant secretary, Miss Maud Holman as executive secretary, Dr. Quill Cope, Commissioner of Education and chairman of the board, Chester Parham.

N. C. Beasley received his B.S. degree and Master of Arts degree from George Peabody College for Teachers in Nashville, where he has also done graduate work. A former education teacher, Dean Beasley has operated in the official capacity of Dean of the College for the past twenty-five years. The students will always find Dean Beasley willing and able to assist them with their problems.

DEAN BEASLEY

DEAN JAMES

Clayton L. James, Dean of Students, received two years of his education at David Lipscomb College, his A.B. degree from Union University, his M.S. degree from the University of Tennessee, and further graduate training at Columbia University.

With the hundreds of students on a campus, it is more than likely that there will be conflicts, disturbances, and differences. Dean James is a friend of the students and, when a problem—large or small—arises for them, he is willing to aid them. He helps to direct and co-ordinate most of the social life on the campus.

MR. JUDD

Mr. W. B. Judd, the MTSC Registrar, was graduated from Middle Tennessee State College when it was State Teachers College. Mr. Judd has been at MTSC for some twenty-six years.

He has one of the most difficult jobs on the campus, that of recording grades and credits for every student who attends school each quarter. He also keeps students informed of their academic status.

REGISTRAR

BURSAR

MR. WOODMORE

Mr. T. B. Woodmore, Bursar of MTSC, is responsible for all the financial transactions of the college. His excellent judgment has kept Middle Tennessee State financially sound.

Mr. Woodmore is very capably assisted by James Jackson, Assistant Bursar; Miss Virginia Mason Elrod, and Mrs. Jannine Cross, Secretaries.

EDUCATION DEPARTMENT

The Education Department plays a dominant role in upholding MTSC's reputation for producing teachers of the highest quality. Students planning to teach receive thorough instruction in all fields of teaching, which prepares them to meet all classroom difficulties. They obtain actual practice in teaching, either at the Training School or at Central High School. On secondary or elementary levels, the value of practice teaching cannot be over-emphasized.

Courses such as guidance, psychology, and principles of education are taught to improve the mind and to develop attitudes which are necessary for capable teachers, as well as to offer a challenge for their academic ability. Each year ninety per cent of the graduating body are eligible to receive teaching certificates. The quality of the education staff is shown by the outstanding demonstrations of our graduates.

The instructors of this department are Mr. Joseph Howard, Miss Mary Hall, Dr. Will Bowdoin, Dr. Howard Kirksey, Mr. Roy Simpson, Dr. Ralph Dunham, Mr. Hubert Swann, Dr. Bealer Smotherman, Dr. Belt S. Keathley, and Mr. James Martin.

The instructors in this department are left to right: Mr. Roscoe Strickland, Miss Ollie Green, Dr. Edward Baldwin, Dr. Norman Parks, Dean Clayton L. James. Second row: Dr. Jesse Crowe, Dr. R. C. Corlew, Betty Hale, Secretary, Dr. C. C. Sims, Dr. R. L. Martin, Mr. Gene H. Sloan.

SOCIAL SCIENCE DEPARTMENT

The largest department on the campus is the Social Science Department. A wide range of subjects are offered to a major. Among them are geography, history, political science, economics, and sociology. Students may major in one specific area, such as history, or take a given number of courses in almost all of the social science fields. The department is headed by Dr. Norman Parks, who joined the staff in 1952. He succeeds Dr. C. C. Sims, who asked to be relieved as de-

partment head after 30 years.

Past and present modes of civilization and governmental systems are studied. Such study better equips the student to understand the world today. Only through a wide knowledge and understanding of all societies may we function to our fullest ability. Democracy demands an educated populace who comprehend its processes and organization. This could be considered one of the specific aims of the Social Science Department.

Professors in this department are Miss Elizabeth Schardt, Dr. Guy Battle, Dr. Richard Peck, Dr. Emily Calcott, Mr. Eugene Wiggins, Mr. Clifford Byrne, Mr. Lane Boutwell, Mr. S. Carroll Evins, and Mr. Edwin Howard.

LANGUAGE ARTS

The Language Arts include English, speech, journalism, and foreign languages. The minimum requirements for graduation from MTSC include 18 hours of English. Academically speaking, this department is one of the highest ranking on the campus. A student who majors in English must complete a minimum of 45 hours and pass a written and oral examination during his senior year. An English major has been well

versed in poetry, drama, composition, and other profitable subjects by the highly trained staff.

Miss Elizabeth Schardt guides the students of French and Spanish. Her classes are vastly enriched by her actual experience and travel abroad which helps to facilitate the acquisition of the foreign tongue and to stimulate the interest of the students.

Journalism is also part of this department. The knowledge which the student acquires in his editing and writing may be appropriately applied on *THE MIDLANDER*, the college annual, and *The Sidelines*, the school newspaper, while he also acquires actual publication experience.

Lane Boutwell teaches speech, also included in the Language Arts. These courses help to further the ability of a student toward poise and better expression of himself.

The Language Arts Department is one of the six departments on the campus offering a minor in graduate work. The graduate courses are aimed towards the betterment of secondary education in the state.

MATHEMATICS

Horace G. Jones heads the Mathematics Department with the able assistance of Roy Simpson and Miss Tommie Reynolds. Miss Reynolds has been an instructor at MTSC since 1911.

Any student who chooses this as his major field is offered a four year math course which includes business arithmetic, mathematics of finance, calculus, geometry, and many others. Also offered is a methods course and a year's work in surveying.

HOME ECONOMICS DEPARTMENT

The Home Economics Department, headed by Mrs. Virginia Muncie, offers a four year course leading to a Bachelor of Science degree. Training is available for future teachers of home economics, home demonstration agents, dietitians, costume designers, interior decorators, and skilled homemakers.

Miss Agnes Nelson is Mrs. Muncie's very capable assistant. She has charge of clothing and related courses, while Mrs. Muncie teaches in the field of foods and home management.

Plans for the near future include a home management house and a pre-school program.

BUSINESS ADMINISTRATION

In 1939 the Business Administration Department became an official part of the college. Until this time it had been a part of the Social Science Department. It is now a separate department offering courses in stenography, business law, methods and materials in accounting, stenography, advanced accounting, advertising, auditing, salesmanship, and business education.

This department is organized in four divisions: accounting, secretarial science, business education, and business law. It is popular with the students, as shown by the large number of majors

it produces every year. The objectives of business administration are to certify graduates to teach any business subject, to prepare students for operating private enterprise, and to prepare students for worthwhile business positions.

E. W. Midgett is head of the department with Mrs. Henrietta Myers Wade, Miss Elaine Stepp, and Gene H. Sloan as his teaching companions.

GRADUATE DIVISION

Dr. Howard G. Kirksey, a distinguished educator, is the head of the Graduate Division. His advanced philosophies and methods have played a primary role in the development and functions of this department.

Graduate students may receive a major in education and a minor in the fields of English, social science, industrial arts, science, or physical education. This provides a broad curriculum. Each department offers graduate courses to meet the needs of the graduate students and produce more capable teachers.

Many of the graduate students hold teaching positions in the public school systems. They share their actual experiences with one another and gain practical information from the instructors.

Masters of Arts—June and August, 1953

THE LIBRARY

Members of the library staff are Miss Catherine Clark, Ambrose Easterly, Miss Virginia Wilkinson, Miss Mary Elizabeth Wallace, and Miss Maureen Williams, as well as the many student assistants.

The MTSC library contains a wide selection of reference and source material as well as fictional and recreational entertainment. The library now consists of more than 38,000 books, additional bound volumes, periodicals and newspapers, and is annually expanding. This is all done for the enrichment of the curriculum and the increase of student knowledge.

Near the periodical room in the basement of the library is located the Regional Library Service.

headquarters serving nine counties. The regional library is staffed by Miss Maureen Williams, Regional Librarian; Miss Mary Elizabeth Wallace, Assistant Regional Librarian; and Mrs. Hoyte Stewart, Secretary.

The Library Science Department was started this year at MTSC under the direction of Miss Leneil Edwards. A minor is now available in library science.

EXTENSION SERVICE

Mr. Bob Abernathy is director of the Extension Service at MTSC. This service was originated to serve more adequately the graduates of MTSC and the professional people of this area.

One of the chief functions of this service is to assist superintendents and supervisors with an in-service program for teachers.

A second function of this service is to keep in touch with the personnel needs of employers and pass them on to seniors and alumni seeking employment.

Dr. Ellis Rucker heads the biology department. Other professors are: James Hurley, Dr. John Patten, John Parchment, James Setliff, Douglas Shields, Dr. Rucker. Dr. Eldred Wiser heads the chemistry department, assisted by James Setliff. Douglas Shields is in charge of the physics division.

CHEMISTRY, BIOLOGY DEPARTMENTS

Dr. J. Eldred Wiser is the head of this department, assisted by James Setliff. Students interested in chemistry and preprofessional training gain superior guidance under their able teaching.

A well-equipped physical plant is available for the use of the students. A separate laboratory is provided for each year of chemistry except for physical chemistry. In addition to this, advanced students have access to special equipment such as the Beckman Spectrophotometer, Photoelectric Calorimeter, and Able Refractometer.

The third floor of the science building is occupied by the Biology Department. In this department freshmen come into contact with living materials for laboratory study, an essential phase of this field.

Majors and minors may be acquired in biology with the required courses of embryology, zoology, botany, genetics, and others. There are individual rooms in which students can carry on private studies in addition to the adequately equipped classrooms and laboratories. Those with professional or industrial goals show a growing interest in this field.

PHYSICS DEPARTMENT

A field which requires many long hours of study leads its master into a brighter and a more prosperous future in this modern world.

Douglas Shields instructs the physics students in the different aspects of the subject in well-equipped laboratories. The freshman students all study the same material, but in advanced courses each student is given a different set of experiments which he is expected to complete and report on at the end of the quarter.

These are the women whose untiring efforts and unceasing patience are combined to make our lives here on the campus as much like home as is possible. We appreciate more than words could ever express, their fine work, for they have

a big and difficult job to perform. The housemothers are: Mrs. Mattie Lee Parks, Mrs. Myrtle Sullivan, Mrs. Evelyn Felder, and Mrs. Josephine Patterson.

HOUSE MOTHERS

MUSIC DEPARTMENT

The Music Department, under the leadership of Neil Wright, has added much to the enjoyment of many students. Some of the organizations of the Music Department are: The Townsmen, the pep band, the women's trio, the men's quartet, Harp Singers, orchestra, chorus, string ensemble,

band, student organ guild, Saunderian society, and Pi Mu Sigma.

These music groups, especially the band and chorus, make tours each year during the winter and spring quarters. These tours consist of visits to area high schools for a concert at each school.

Margaret Johnson Wright, Mary Dillon Scott, Helen Trivett, Rubye Taylor Sanders,, E. Mae Saunders, Kenneth Pace, Phillip Howard, and Neil Wright compose the faculty of the music department.

Art majors Jim Ridley and Hal Broyles discuss an exhibition of masks made by one of the art classes with Miss Harding, art instructor.

Students receive expert advice in woodshop from Mr. Phillip Dalton, industrial arts teacher.

INDUSTRIAL ARTS DEPARTMENT

The MTSC Industrial Arts Department is one of the best of its size in the country. The IA building is one of the finest in any southern college or university. It comprises six shops, a general shop with hundreds of thousands of dollars worth of modern equipment for use by the stu-

dents.

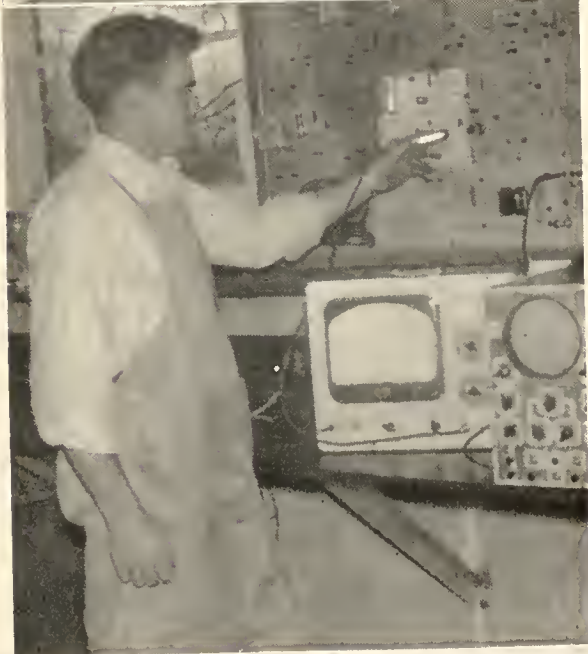

Recently the Fine Arts Department moved to the IA building, and now makes its home on second floor in one of the well lighted drawing rooms. Miss Carol Harding is in charge of this department.

Seated: O. L. Freeman, Miss Carol Harding. Standing: John Wade, Phillip Dalton, Eddie Voorhies, James S. Gonce.

Mr. Wade has organized the Raider Radio Club, which receives radio signals from points all over the country.

Ralph Daniels does some experimental work in the radio shop. In the courses in radio, students assemble radios as projects.

Mr. Freeman discusses plans for the national meeting of Industrial Arts Clubs with delegates chosen to represent MTSC at that meeting.

The teaching and coaching staff include Charles N. Greer, Charles Murphy, Elbert Patty, Joe Black Hayes, Francis Reil, Miss Buleah Davis, and Mrs. Betty Littlefield, not pictured.

HEALTH AND PHYSICAL EDUCATION DEPARTMENT

"Strong bodies as well as strong minds" could well be the motto of our Health and Physical Education Department. The well-co-ordinated program of this department makes it possible for the students to be physically active as well as mentally alert while on the campus. It is a requirement of all students to take at least six quarters of physical education before they are eligible for a degree. These credits may be obtained in 42 different classes such as tennis, bowling, golf, swimming, volleyball, camping, basketball, badminton, dancing, and baseball. It is possible for a student to obtain a major or

minor in this department by meeting the necessary requirements.

To those students who have extraordinary ability for participation in basketball and football there are scholarships offered. This helps to maintain fine teams for the college as well as to permit boys to attend college who otherwise could not.

The health courses which this department offers are required in the obtaining of an elementary certificate, but they also round out the curriculum of the department.

Instructors in the Agricultural Department are James Jagers, B. B. Gracy, Jr., and Dr. Clifford Stark.

AGRICULTURE DEPARTMENT

The Agriculture Department at Middle Tennessee State College has as its primary aim the training of students interested in the teaching of agriculture or in the agricultural extension service.

This year the MTSC Agriculture Department formed a co-operative program with the University of Tennessee so that Tennessee students may attend MTSC for two years and then go to the

university and complete their courses in vocational agriculture.

Also included in the objectives of this department is the preparation of young men as farmers. The Agriculture Department offers courses in farm and home administration, soil conservation, and technical courses for students who plan to continue agricultural work with feed, seed, fertilizer, or farm equipment companies.

The Training School faculty pictured above is composed of, *first row, left to right*: Mary Bell Jordan, Mary Frances Snell, Marguerite Harrison, Joseph M. Howard, *Principal*, Mrs Sewall Manley, Leneil Edwards, and Margaret Lowe. *Second row*: Carman Gibson, Mrs. Joe Wood, Kenneth L. Pace, Mrs. Madge Manson, Ernest Farmer, Mrs. Edward Briney, Marcus Nickel, and Ann Ashley.

TRAINING SCHOOL

The Training School is the branch of our college educational system where the MTSC students majoring in education have an opportunity to do their practice teaching under capable and helpful instructors. Supervised teaching offers students the opportunity to put to use those things they have learned. The Training School teaches stu-

dents high educational standards and inspires them as future teachers to achieve higher ideals and goals.

A major part of the work of those who are qualifying for a teacher's certificate is the actual classroom practice under supervision of experienced teachers with graduate training.

AVIATION

Miller Lanier has done a fine job in furthering interest in aviation among the students on our campus. Under his leadership and due to increasing efforts and co-operation of the administration, many valuable courses have been offered those students interested in the aviation field.

Through the training which students receive here they are able to obtain private, commercial,

and instructor's ratings. In addition to learning to fly, students are offered courses in navigation, radio, meteorology, and many other phases in aviation. The department of aviation has recently moved the college airport to a new location on Lebanon Road, with classrooms remaining in the administration building.

INFIRMARY

Mrs. Clifford Byrne is the registered nurse in charge of and at residence in the infirmary. She received her training at St. Thomas Hospital in Nashville and has been school nurse at MTSC since 1951. Dr. John Carlton, an alumnus of MTSC, is completing his second year on the cam-

pus as a consultant for the students.

A student may obtain medication and care at the infirmary for anything from a headache to minor surgery. When students pay their registration fees, a certain amount is set aside to pay for this care.

STEAM PLANT

The steam plant is the home of a modern, centrally located heating system which provides heat and hot water for all of the campus buildings. New heating equipment was installed a year ago which this winter was converted to enable the school to use natural gas. At the end of World War II the building was completely modernized. The comfort and conveniences of the school depend on the efficiency of this department.

MAINTENANCE

The job of the maintenance crew is to keep our campus clean and beautiful. This is a year-round job and requires much sweat and toil upon the part of many people. The janitors are responsible for the neatness of both buildings and grounds. The cooks, of course, prepare all our food.

Our hats are off to the maintenance crew for a job well done.

VET VILLAGE

Located immediately behind the main campus is a small village composed of frame apartments and trailers which house the families of veterans and married students.

Vet Village was organized after World War II to accommodate veterans and their families who

were attending school.

The center of interest in the village is the community grocery, which also includes a recreation center for the community.

The women of Vet Village have organized a home demonstration club during the past year.

THE COLLEGIATE

This is the Collegiate, better known as the lunchroom. Here "friend meets friend" to talk over the latest happenings on the campus.

This is one of the most popular "courses" at

MTSC. No one wants to cut his class in "lunchroom."

Mrs. Audie Travis is in charge of the Collegiate.

STUDENT UNION BUILDING

The Student Union Building houses the cafeteria, bookstore, post office, lunch-room, television room, recreation room, ballroom, conference rooms, two spacious lobbies, student government office, and private dining rooms. It is used by many off-campus groups for banquets and conventions as well as for campus activities.

CAFETERIA

Our college cafeteria is located in the Student Union Building on the campus. Our capable dietitians are Mrs. Elizabeth Jackson and Mrs. Irene Robinson. Students compose the entire serving staff of the cafeteria.

SECRETARIES

The secretarial staff of Middle Tennessee State College is responsible for keeping MTSC office routine operating smoothly and efficiently. It requires a great deal of skill and patience to do an adequate job in this capacity, but the staff is highly capable.

Members of the secretarial staff are Miss Virginia Mason Elrod, Mrs. Charlotte Heinz, Mrs. Carolyn Holloway, Mrs. Jannine Cross, Mrs. Bonnie McHenry, Mrs. Sara Wright, Miss Jane Ketting, and Mrs. Evelyn Turney.

BOOKSTORE

This is the part of the college campus where we purchase our textbooks, magazines, and classroom supplies. The bookstore is located on the first floor of the Union Building.

Charles Phillips is the manager of the bookstore, assisted by Gladys Smart, Betty Guernonprez, Sidney Sullivan, and Ann Blackwood.

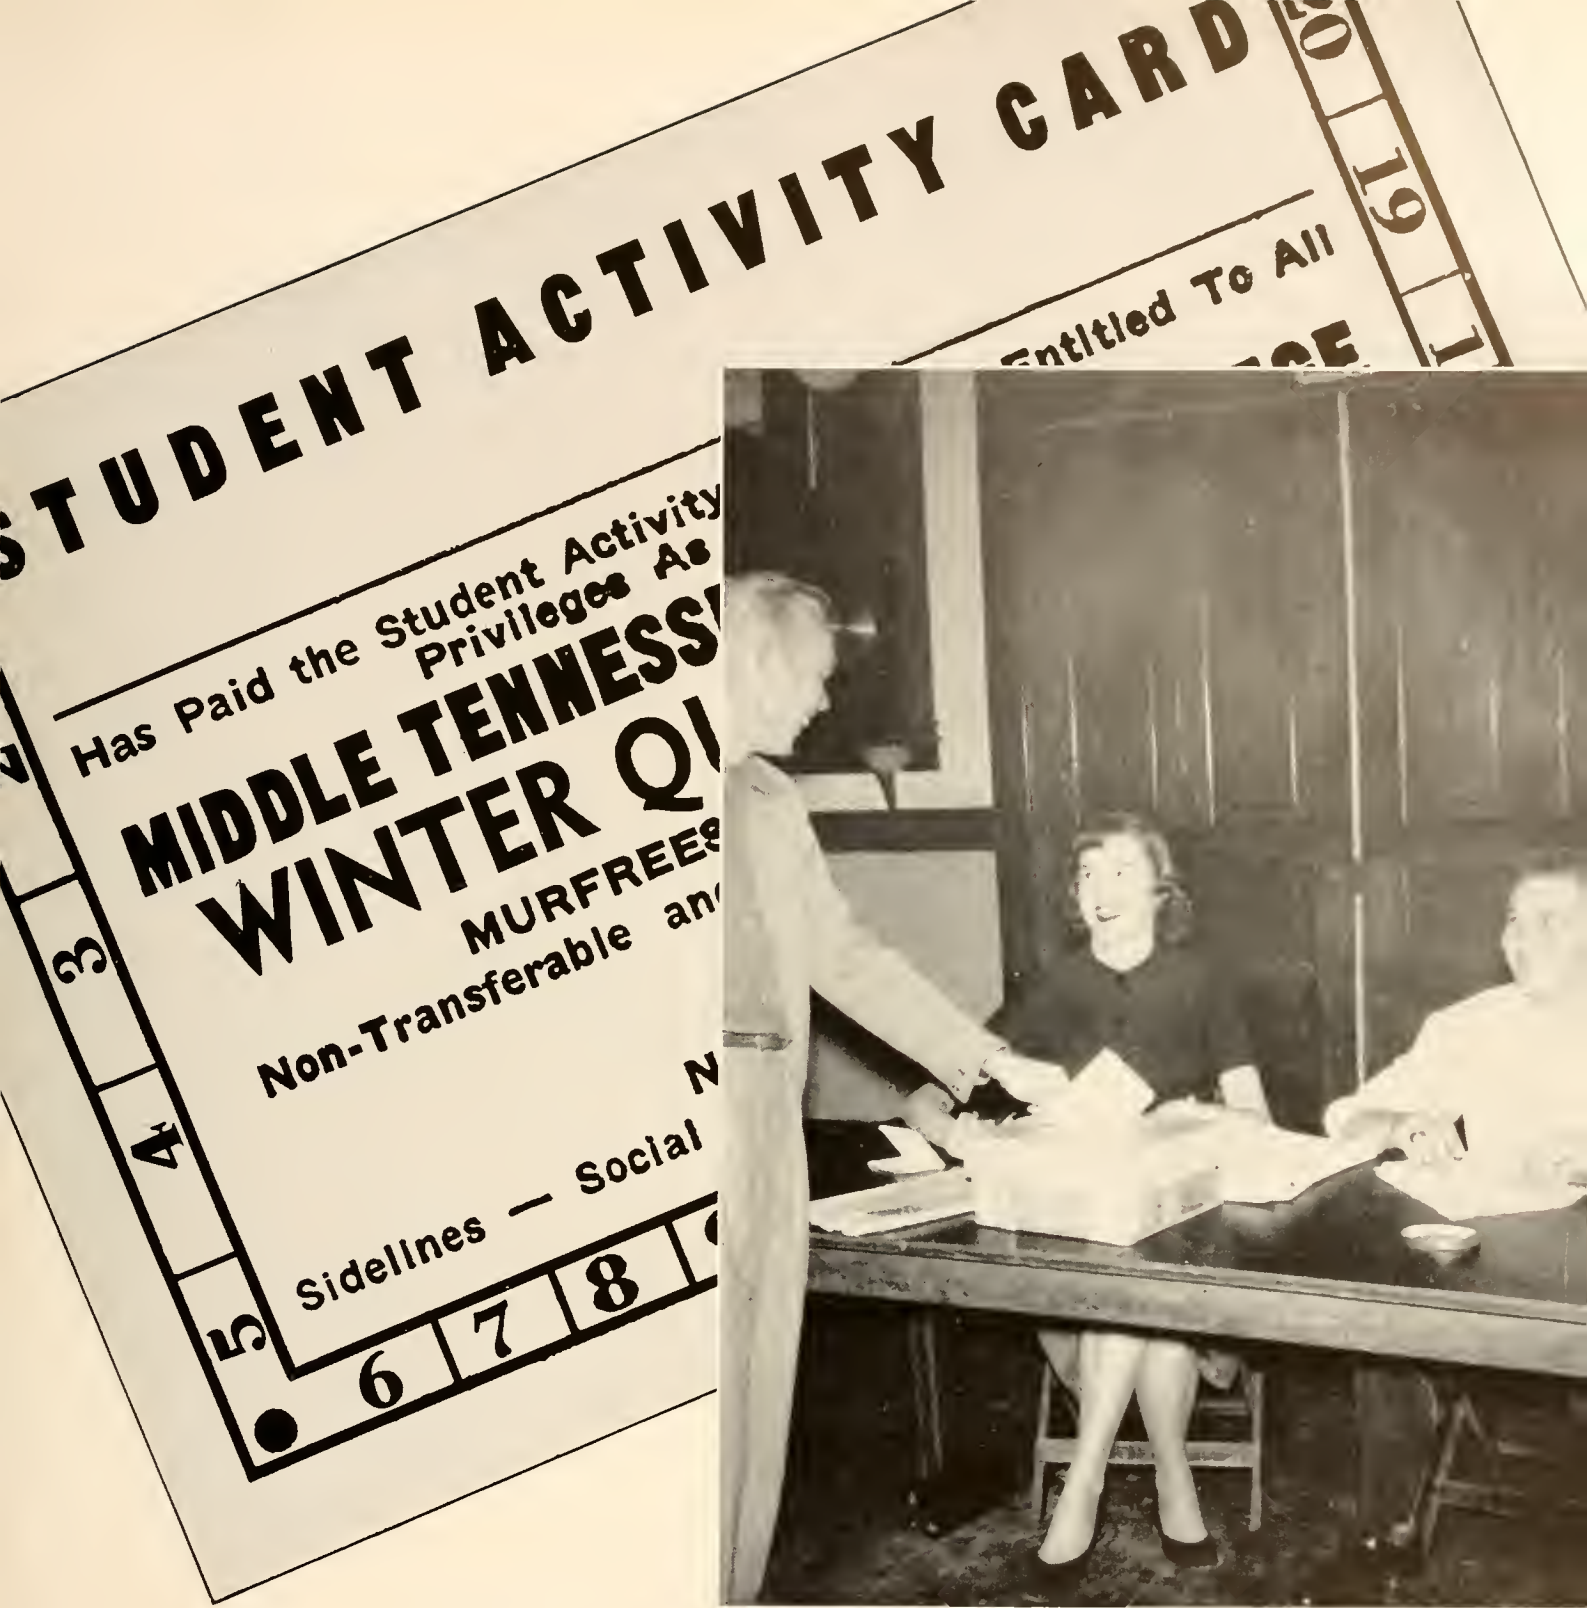

POST OFFICE

This is the place where all of the students go at least once or twice a day. We want to take this opportunity to express our thanks and appreciation to Miss Iree McElroy for the fine job she has done.

Miss McElroy is very ably assisted in the post office by Mrs. Nancy Ford, who is also a student at MTSC.

ORGANIZATIONS

Officers for 1953-54 are, left to right: Nowlin Taylor, *President*; Peggy Ambrester, *Vice-President*; Dorothy Dickey, *Treasurer*; Dossie Taylor, *Assistant Secretary*; Mary Jo Dillon, *Secretary*; and Quentin Lane, *Attorney General*.

ASSOCIATED STUDENT BODY

These are the officers of the Associated Student Body. After a hotly contested campaign and the joy of victory, members find their troubles have just begun. The president and vice-president begin combing through an enrollment of over 1,500 students, searching for others to help shoulder their burdens. A secretary, assistant secretary, treasurer, attorney general, chief justice of the supreme court, and four associate justices are chosen.

By this selection of officers, it is evident that the Associated Student Body patterns its organization after the United States. Through these officers the student problems and activities are unified and presented to school administrators for consideration, advice, and approval.

ASB officers are usually the first students known to the freshman class because they are responsible for the activities throughout freshman week. This includes preparing and distributing the Blue and

White Book which includes information about the school such as rules, schedules, curriculum requirements, welcome addresses, and other helpful information. The ASB is in charge of an information bureau to help pull the freshmen through registration. They are responsible for arranging initiation procedures.

This year, for the first time the ASB sold freshman caps and started publishing a weekly news bulletin. They bought the first television set for the Union Building. The officers were on a student-faculty committee to study assembly problems. The committee recommended and effected the elimination of compulsory attendance.

The organization and the student-faculty social committee are responsible for planning and financing a weekly fun-night and special programs and dances.

The ASB officers campaign for a job and they get one.

First row, left to right: Peggy Ambrester, Student Vice-President, who acts as chairman in Congress; Betsy Speer, Freshman; Dolores Sorrells, Senior; Peggy McQuiddy, Sophomore; Dossie Taylor, Senior; Mary Jo Dillon, Student Secretary to Congress. Second row: Hutton Brandon, Junior; Jimmy Cranford, Junior; Douglas McDonald, Senior; Howard Ray, Senior; Charles Pigg, Junior; Johnny Duval, Sophomore; and Bobby Snead, Freshman.

CONGRESS

Congress is the law-making or legislative branch of the Associated Student Body. It tries to sort out the good suggestions, lamentations, and complaints of the students and to use them to make laws which they hope will lead to beneficial improvements.

The representatives are elected by each class.

SUPREME COURT

The Supreme Court is the judiciary division of the Associated Student Body. It reviews cases appealed to higher court after dormitory council decision has been reached. It acts upon special disciplinary problems and supervises the elections. Members work at the polls to see that the voting is properly conducted and are responsible for counting the ballots.

The four justices are appointed by the Associated Student Body president. One is selected from each of the sophomore, junior, and senior classes and one from Vet Village.

Left to right: Ross Spielman, William Maggart, Ernest Adams, Chief Justice, Jimmy Hightower and Charlie Hodges.

First row, left to right: Liz Hay, Vice-President; Sara Dean, President; and Bettye Lynn Knight, Secretary. Second row, left to right: Ann Patton, Ruth Clark, Joyce Cooper, and Elma Murdock.

The Girls' Dormitory Council has one of the most difficult jobs on the campus. It is composed of representatives of the four classes. The duty of members of this organization is to decide the fate of their sisters who have broken dormitory rules and regulations. The "sentences" imposed by the council consist of a "campus" or a certain number of demerits.

GIRLS' DORMITORY COUNCIL

BOYS' DORMITORY COUNCIL

There is a separate council for each of the boys' dorms. These councils assist Mr. Greer and Mr. Cunningham with the numerous problems that arise in the dormitories, and enforce the rules and regulations of Smith and Jones Halls. Any student desiring to move into the dormitory must

submit his name to the council of that dorm.

Not only do they enforce the rules of the dormitories, but these boys work with Mr. Greer and Mr. Cunningham in drawing up the rules they are to live by.

First row: Ted Hackney, Ralph Daniels, Malcolm Rives, Doyal McNatt. Second row: Loyd Luna, Joe Elder, Don Clark, Bob Springer.

First row: Dick Smith, Harry Brunson, Ray Hughes, Eddie Young. Second row: Bobby Cranford, E. C. Keel, James Coates, Bill Harvey. Not pictured, Jack Perry.

PI MU SIGMA

Pi Mu Sigma is the honorary fraternity for music majors. It is a highly selected group. Only those who hold first chair in the band or orchestra or those who are doing advanced recital work are eligible. They then become members by invitation and election.

Its aims are: To promote a high moral level among professional musicians in order to maintain and augment the dignity of the music profession; to promote a high degree of efficiency in musical ability among the members and, as a

secondary effect, among all of the music students; to create an influence for musical excellence that will attract the better music students to our college; to create better understanding and social contact among the members.

The officers of the organization are: Carolyn S. Anderson, President; Gay Jennings, Vice-President; Sarah Connelly, Secretary; Laura Harris, Treasurer; and Howard Rutledge, Sergeant at Arms.

First row, left to right: Norma Jane Follis, Margaret Wright, Howard L. Rutledge, Sarah Connelly, Carolyn Anderson, Gay Jennings, Laura Harris, William Maggart, Joan Jernigan. Second row: K. L. Pace, Douglas Williams, Neil Wright, Phil Howard, and George Pidcock.

MIDLANDER STAFF

The MIDLANDER represents one of the largest projects which is undertaken by a student group. Work was begun at the start of fall quarter last September.

Senior and lower class pictures were made; organizations were contacted, and pictures were made of them. The staff developed an idea for the book, after which came the thrill of watching an abstract plan grow into a real MIDLANDER.

The quarter ended with our work well under way, and another thrill was just around the cor-

ner. Preparations were made for the Midlander Ball, and the announcement of "Miss Midlander" was to be made. Everyone was asking, "Who will she be?"

Finally, all the work was finished, and the staff could relax and hope for their finished product to be the best of them all!

Now you have the MIDLANDER of 1954:— and, from the above summary, you know of some of the work done on this year's edition. We hope you will enjoy it as much as we have!

SIDELINES STAFF

"Is the SIDELINES out yet?" "When is the deadline?" "It was yesterday!" "When is the last possible moment that I can get something in the paper?" "I'm sorry, I just didn't have time to write that story—"

These, along with "printer's blues", are the problems that put grey hairs in the editor's head. In spite of this, the SIDELINES is published every two weeks. It serves as a laboratory for the journalism classes and those interested in the journalistic field. The editors work in the print

shop on press day doing make up and reading proof.

In October, the editor and the business manager were delegates to the annual Associated Collegiate Press convention in Chicago.

The SIDELINES is supported by advertising and student activity fees.

Photography has been added to the activities of the paper staff. The College has provided and equipped a darkroom which serves publication needs.

Feature writers shown at right are Lois Stedman, Betsy Speer, Pat Simmons, Sue Adamson, Tom Hill.

The sports staff includes John Thrower, Johnny DuVal, *Sports Editor*; Hal Christiansen, Willie Jones, Ted Morgan.

Liz Hay, Donna Boyd, Mary Ann Duggin, Marguerite Cotton, Mary Reed, and Sara Dean are society writers.

The circulation staff is made up of Lila Maybrey, Shirley Hays, Joyce Payne, *Circulation Manager*; Jimmy Swindle, Mary Elizabeth Lunn, Marian Askins.

First row, left to right: Bob Springer, James N. White, Dolores Sorrells, Keith Stephens, Euole Gilbert, Peggy Ambrester. Second row: Peggy Harrison, Rachel Milligan, Dot Dickey, Sara Dean, Jean Morrison, Betty Jo Russell, Betty Ann St. John, Joan Boles, Sue Adamson. Third row: Shirley Jakes, June Smith, Ann Patton, Natalie Siewert, Pat Simmons, Eleanor Martin, Virginia Mai Himes, Sue Durham, Martha Jean Gray, Elma Murdock, Dorothy Abernathy. Fourth row: Joyce McMillan, Kathryn Martin, Janet Smith, Lois Stedman, Avalene Ellis, Jane Huskins, Ann Wilkinson, Lucy Hale, Dossie Taylor, Amanda Waggoner, Betty Windrow, Lane Boutwell, Martha Smithson. Fifth row: Mary Jo Dillon, Carolyn Ledford, Jane Robinson, Mary Will Cox, Dimple Moncrief, Ruth Spraker, Marvin May, Sarah Connelly, Francis Ezell, Frances Monks, E. D. Helton. Sixth row: Marie Smith, Fay Presnell, Anne Tittsworth, Eleanor Vance, Duncan Everett, Paul Cunningham, G. P. West, Jimmy Ward, Wallace Midgett, William Helton. Seventh row: James Anderson, Quentin Lane, Doug McDonald, Guy Norton, Jr., Howard Murrill, Billy Davis, Ed Woods, Bill Isom.

BUCHANAN PLAYERS

The Buchanan Players, under the direction of Lane Boutwell, have as their chief objective the presentation of plays of the student body and people of Murfreesboro. These plays reach almost professional standards with respect to polish and quality of acting.

The work of the Players isn't all the glamour of acting. There is also the work backstage, including scenery, lighting, makeup, costuming, properties, concessions, and many, many other little and not-so-little jobs.

The organization holds a quarterly social. As

a rule this is an outing or a trip to Nashville to see plays presented by the Circle, Community, or Vanderbilt Theater, or a professional touring company.

In addition to these activities the club enters a float in the homecoming parade, and takes part in the annual "Stunt Night."

Officers of the Buchanan Players are Keith Stephens, president; Peggy Ambrester, vice-president; Dolores Sorrells, recording secretary; Sara Dean, corresponding secretary; William Maggart, treasurer; Dick Dillard, cage custodian.

Sue Durham, Euple Gilbert, and G. P. West rehearse a scene from "SEE HOW THEY RUN," the Players' fall production.

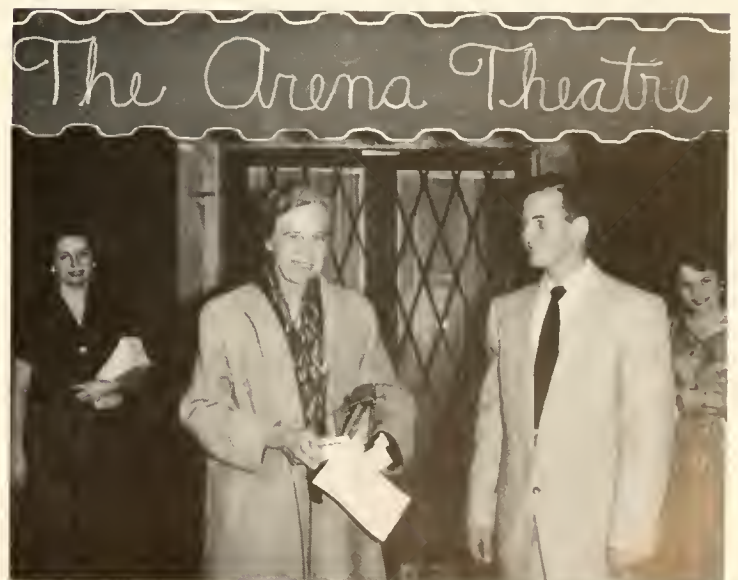

The construction of scenery is one of the most important jobs in the production of a play. Keith Stephens is shown in the shop working on the set for THE IMPORTANCE OF BEING ERNEST, the winter production of the Players.

The Cast of SEE HOW THEY RUN meet with "Mr. B" in the picture at lower left. Included in the cast were Euple Gilbert, Dick Dillard, Duncan Everett, George Pidcock, Sara Dean, Bill Cain, Sammy Lewis, Sue Durham, G. P. West.

Dr. Emily Calcott received the door prize opening night of SEE HOW THEY RUN, the Players' first production in their own Arena Theater. Shown in the picture are Mary Will Cox, Miss Calcott, Paul Cunningham, and Elma Murdock.

SIGMA CLUB

Neal Frazier, who was a professor of English at MTSC founded the Sigma Club as a research organization in 1927. Candidates are chosen for their scholastic ability, leadership and character. Membership is by invitation. Only the "cream of the crop" is chosen from the young men who, on graduation from MTSC, have aspirations for entering the business and professional fields.

Among past members there have been some proficient doctors, dentists, lawyers, business men, teachers, and school administrators.

Every year old members are invited back for the annual banquet held in May.

Officers are Jimmy Smith, President; Eugene Potts, Vice-President; Al Evans, Secretary-Treasurer.

First row, left to right: Dorothy Dickey, Betty Jane Harrison, Betty Hale, Shirley Keyes, Betty Jean Wilkinson, and Peggy Welchance. Second row, left to right: Miss Schardt, Dorothy Lewis, Jean Mosier, Dolores Sorrells, Elizabeth Hay, Ruth Clark, Lucy Hale, Elizabeth Nicholson, and Miss Wilkinson.

TAU OMICRON

"Strive to build, rather than destroy—to help rather than hinder."

Tau Omicron, the honorary society for women, was organized in 1930 for recognition of the most outstanding junior and senior girls. They are chosen for their scholarship, service, leadership, and character. Three meetings are held each quarter.

The organization's alumnae sponsor a scholarship fund which is available to Tau Omicron seniors or other worthy girls.

Sponsors are Miss Elizabeth Schardt and Miss Virginia Wilkinson. Officers are Betty Hale, President; Betty Harrison, Vice-President; Shirley Keyes, Secretary; and Betty Jean Wilkinson, Treasurer.

SCIENCE CLUB

First row, left to right: Guy Norton, Euple Gilbert, Joyce Payne, Liz Hay, Dr. John A. Patton. Second row: Martean McArthur, Betty Jean Wilkinson, Dot Dickey, Fannie Wheeler. Fourth row: Kathryn Martin, Joyce Nokes, Fern Ingle, Virginia Francis, Betty Williams, Bobby Osteen, Rhea Goodall, Joe Evans. Fifth row: Hernon Fox, Jack Perry, Lyndell Robertson, Bill Ruffin. Sixth row: Jimmy Mallory, Roy Clark, Paul Wakefield.

The Science Club is an organization for students majoring or minoring in science. It is also open to students who are "just interested" in science. This group meets twice each month for business and educational programs, which are very interesting and enlightening. Programs consist of lectures by eminent men in the field of science, and the showing of films. Members of the group attend conferences and lectures in Nashville on the various subjects pertaining to the field of study.

The aims of the science club are to promote advancement in the field of scientific research, to stimulate interest in science, to serve as a meeting place for persons working in different fields of

science.

The organization has held gala social events and outings during the year. The club also goes on field trips to caves and other places of interest to the group.

The Science Club sponsors the annual "Stunt Night" which is always a big favorite with MTSC students and faculty. This night gives students an opportunity to use their talents for the entertainment of their fellow students.

Officers of the science club are Joyce Payne, President; Quentin Lane, Vice-President; Liz Hay, Secretary; Fern Ingle, Treasurer; Guy Norton, Publicity Chairman, and Dr. Patton and Mr. Parchment, Sponsors.

CHEMICAL ASSOCIATION

The MTSC Chemistry Association is an organization composed of chemistry majors and pre-professional students in the fields of pre-dentistry, pre-medicine, pre-nursing, pre-engineering, and pre-pharmacy.

The Association meets weekly. The programs are presented by members of the club and out-

side speakers in chemistry and related fields. The activities of the club serve as a supplement to the classwork of its members.

Not only is this a professional organization, but it gives the chemistry students an opportunity to be associated socially.

The Home Economics Club is a professional organization of home economics majors and minors. This club is affiliated with the Tennessee Home Economics Association and the American Home Economics Association. All senior members of the club are expected to join the American Home Economics Association prior to graduation.

The club meets bi-weekly, usually presenting a program that adds to the professional growth of its members. A quarterly social is held. The fall quarter the club held their Christmas party; in February, it had its annual spaghetti supper, and

the big event of the year is the senior dinner held in the spring quarter.

Among the honors received by the club this year was the election of Miss Ernestine Miles to the office of president of both Province V and the Tennessee Home Economics Association, division of college clubs.

Officers of the club are, president, Betty Harrison; first vice-president, Mary Will Cox; second vice-president, Eleanor Warmbrod; secretary, Marie Smith; treasurer, Dorothy Jones, scrap-book chairman, Mary Ann Warmbrod; and publicity chairman, Donna Cantrell.

INDUSTRIAL ARTS CLUB

The Industrial Arts Club has as its purpose the stimulation of interest in that field. Included in its programs are educational films, guest speakers, and programs given by members of the group.

The Industrial Arts Clubs is affiliated with the American Industrial Arts Association and each

year sends twenty or more delegates to the National Convention.

The outstanding events of the year for the I. A. Club are its quarterly socials. These top the list of parties on the campus.

First row: Betty Hale, Jean Morrison, Beverly Atkins, Third Vice-President; Beverly Jones, Second Vice-President; Ann Hagewood, Carol Hogan, Secretary; Sara Dean, Betty Williams, Martha Sue Williams. INTERNATIONAL RELATIONS CLUB

The International Relations Club brings to the campus some most interesting personalities for programs and discussions. They hold discussions and debates on current international affairs.

Guest speakers this year have included Robert Abernathy, Miss Carol Harding, the debating team, and programs presented by members.

The club presents annual awards to outstanding members. One major award goes to the sen-

ior social science major who has a high scholastic average in the field of social science along with other qualifications such as leadership, general citizenship, contributions to the betterment of the school, promotion of social science as a course of study, and his anticipated usefulness to society.

Each year two members of the club attend the national convention. The convention was held this year in New York.

Membership in the T Club may be gained by lettering in one of the major sports of the college, including football, basketball, baseball, and wrestling.

Activities of the T Club include hayrides, dinners, and in the past it has sponsored minstrels

and dances. Members invite athletes from area high schools to visit the games and to the dances.

The big event of the year is the initiation of new members. The initiates are required to dress up in girls' bathing suits and put on a fashion show for the crowd.

CHURCH OF CHRIST GROUP

This group offers a weekly study and worship meeting for the young people of the Church of Christ.

Oliver Cunningham, former minister of the North Boulevard Church of Christ, offered the original plan for this group. The church has encouraged the group by providing speakers and socials throughout the school year.

Young men of the school, as well as speakers from the Murfreesboro churches, lead the class. The meetings include song services, prayer, and assorted programs.

Officers of the Church of Christ Group are, Tom Hill, President; Malcolm Rives, Vice-President; and Elma Murdock, Secretary.

METHODIST STUDENT MOVEMENT

The primary aim of the MSM is "the promotion of Christian fellowship and the creation of a religious society on the campus among the Methodist students as well as other students." Christian experience, worship, and study is offered by this group. MSM gives students the opportunity to worship among themselves and with other

local churches. This group is affiliated with the Methodist Student Movement of the State.

Officers of the group are: Charlie Hodges, president; Sara Dean, secretary; Carolyn DePriest Lehning, worship chairman; Bob Springer, and Carol Hogan, song leaders; Eleanor Martin, pianist; E. W. Midgett, sponsor.

STUDENT CHRI

This group unites the different church groups on the campus which have representatives here. The purpose of the SCU is "to combine all religious groups into a strong unified organization." The union permits all, no matter what faith, to worship the one God together.

SCU exists not only in theory, but also as a tangible working organization. It sponsors noon-

day devotions every day, at lunch hour, with students of the different denominations leading the worship. The Union sponsors a Religious Emphasis Week each spring. This year the principal speaker was Dr. Marcus Bach.

Problems faced by the young people of the modern world are discussed by young ministers and student workers. The devotions are a wel-

NEWMAN CLUB

A member of Pax Romana, the Newman Club was organized at MTSC this year by a group of Catholic students. Its purpose is to foster the spiritual life of students, their religious instruction, and their social life.

This organization made its debut on our cam-

pus under the guiding hand of Father Ballantine of the St. Rose Catholic Church.

Officers of this group are Frank Ballinger, president; Bonnie Kemper, vice-president; Joan Meyering, secretary; and Tommy Griffith, treasurer.

AGRICULTURE CLUB

The Agriculture Club is one of the oldest organizations on the campus, having been founded in 1927. Each quarter the club sponsors a well-balanced program of social and informative meetings. The problems faced in modern farm life and activities are solved to some degree by the educational movies which the boys see.

The objectives of the Ag Club are to promote agricultural education, to encourage practical

demonstration in farming, and to co-operate with and actually operate the college farm—a full time job. Modern methods and applications are of much concern to the club. Research and study is encouraged which will enable more and better products to be produced.

Efficiency and satisfaction are obtained with accomplishment and success in the field of agriculture.

SPEECH ARTS SOCIETY

The chief purpose of the Speech Arts Society is the analysis and investigation of domestic and international affairs of the day. Along these lines, also, this society provides excellent training in the fields of public speaking, debating, oratory, impromptu speaking, extemporaneous speaking, after dinner speaking, and interpretive reading.

This year the Tennessee Forensic Tournament

for colleges was held on our campus. The members of Speech Arts Society send teams to Southern as well as National Forensic tournaments.

One of the major accomplishments of the Speech Arts Society was that of establishing a chapter of Pi Kappa Delta, national honorary speech fraternity, on our campus.

WOMEN'S ATHLETIC ASSOCIATION

WAA offers an opportunity for young women of the college to participate in hiking, touch football, basketball, volleyball, badminton, ping-pong, and softball. The WAA was organized for the purpose of promoting good sportsmanship, a spirit of co-operation and good fellowship. However, the main purpose is to curve campus life in a wholesome direction with worthwhile aims.

The girls' teams are divided into departments, according to their major subject. This year there are representatives from all of the departments on the campus.

Membership is open to any girl interested in athletics. It is obtained by the earning of 100 points in intra-murals and the payment of a fifty-cent fee for the entire four years.

RECREATION CLUB

The Recreation Club was organized in 1947 as the Physical Education Club. This year the club changed its name to the Recreation Club. It has as its purposes the promotion of fellowship among students interested in physical education, learning about organizations and publications in the fields of physical education and recreation.

Activities include regular meetings, a carnival, Christmas party, bingo party, informal dances, square dances, and Amazon parties.

Delegates from the club have represented Mid-

dle Tennessee at Southern and National conventions of the American Association for Health, Physical Education, and Recreation in Birmingham, Ashville, Dallas, Atlanta, Biloxi, and St. Petersburg.

Officers of the Recreation club are Lois Stedman, *President*; Quentin Lane, *Vice-President*; Carolyn DePriest Lehning, *Secretary*; and Roscoe Spielman, *Sergeant-at-Arms*; Martha Harrison, *Treasurer*.

New Members not pictured: Joan McKinstry, Duncan Everett, and Guy Norton.

ALPHA PSI OMEGA

The Lambda Gamma Cast of Alpha Psi Omega, National Dramatic Fraternity, stimulates interest in dramatics and secures for the college the benefits and privileges of a national honorary fraternity.

Membership in this fraternity may be gained by earning one hundred points in the various fields involved in play production, direction, and acting.

The Alpha Psi members take the lead in dramatic activities, since they assist Mr. Boutwell in the capacity of crew chiefs.

At the end of the school year the organization has a social to which members and their guests are invited.

Officers of the group are: Cast director, Quentin Lane; Assistant Director, William Maggart; and Business Manager, Mary Will Cox.

ALUMNI BETA CLUB

The Alumni Beta Club is open to students who were members of the Beta Club or the National Honor Society while in high school. Members of this organization must have traits of good char-

acter, scholastic ability, and good citizenship.

The purpose of the Alumni Beta Club is to recognize the honor conferred on Beta and National Honor Society members in high school.

ART CLUB

The Art Club was originated in the fall quarter of 1952 for group activity for those interested in art. The group takes sketching trips, has painting sessions, and visits art exhibits.

Special projects worked on by the club this year have included making posters for the special

events and making toys at Christmas for the children of a needy family.

President of the group is Jim Ridley. Peggy Blankenship is secretary, and Miss Carol Harding is club sponsor.

Left to right: Peggy Blankenship, Mary Frances Arnold, Pat Simmons, Lucy Hale, Patricia Lanus, Doris Dunnaway. Second row, left to right: Miss Carol Harding, Jim Ridley, and Larry McDougal.

CHORUS

The MTSC chorus, under the direction of Neil Wright, consists of seventy voices. Its purposes are to make possible improvements in vocal work and to serve as a musical benefit to the college and communities throughout Middle Tennessee.

During the year, the chorus presented concerts at Central High School in Shelbyville, Franklin County High School in Winchester, Giles County High School in Pulaski, Central High School in Columbia, East and Isaac Litton High Schools in Nashville, and Murfreesboro Central High School.

The chorus is one of the outstanding choral groups in the South.

WOMEN'S TRIO

The MTSC Women's Trio is composed of Laura Ann Harris, first soprano; Gay Jennings, second soprano; and Joan Jernigan, alto. Members are selected from the chorus. The trio appears with the Sacred Harp Singers, and has given many programs for civic clubs. This year the trio sang for the Southern College Personnel and for the Tennessee Board of Education.

MEN'S QUARTET

After the absence of a men's quartet on the campus for several years, Charles Wood and John Jackson realized the need for this organization. The end product of their search for good tone quality and intonation include the following: John Jackson, first tenor; Steve Underwood, second tenor; Charles Wood, baritone; and Bob Keathley, bass.

SACRED HARP SINGERS

The Sacred Harp Singers were organized at MTSC during the summer of 1947. This year it includes fourteen singers. The group sings a cappella, seated around a table in sixteenth century madrigal style. Their repertoire consists of early English madrigals, Sacred Harp Hymns and white spirituals, and Southern folk songs and ballads.

The MTSC Sacred Harp Singers have toured Tennessee each spring for the past five years, and were guest artists at the War Memorial Building in Nashville for the Annual meeting of the Middle Tennessee Educational Association in 1951 and in 1953. In August 1952, they sang in Atlanta, Georgia, at the Municipal Auditorium for the annual convention of the Sacred Harp Association.

The group is under the direction of Margaret Wright, of the college music faculty.

The Saunderian Society is a music club for anyone who enjoys listening to good music. It meets twice a month. The group goes to Nashville to hear outstanding concerts. Occasionally, special programs are given by the organization.

Saunderian Society officers are: Joan Jernigan, president; Carolyn Anderson, vice-president; Cornelia Swain, secretary-treasurer; Joan Patch, reporter; Laura Harris, program chairman.

SAUNDERIAN SOCIETY

FUTURE TEACHERS OF AMERICA

Future Teachers of America is primarily an organization for those who expect to teach the present and future youth of our country.

The MTSC chapter holds membership with both the Tennessee Education Association and the National Education Association. Membership in the local FTA chapter includes receipt of publications from both of these organizations.

The club meets every two weeks. Programs for this year have included a discussion led by an Austrian student, a musical program by the Harp

Singers, a travelogue through Greece and Europe by Miss Carol Harding of the Art Department, and a talk by Mrs. Virginia Muncie of the Home Economics Department about how college-formed habits can carry over into the professional world.

Each year the most outstanding members are presented the NEA merit award, a service award given to students who have contributed most to the club and themselves professionally.

STUDENT ORGAN GUILD

The MTSC Student Organ Guild group was one of the first of its type to receive a charter from the American Guild. It is made up of all students taking private organ who desire membership. The guild members make many trips to Nashville to hear fine organ concerts.

The officers are Carolyn S. Anderson, Dean;

Gay Jennings, Vice Dean; Peggy Hackler, Secretary; Laura Harris, Treasurer.

Other members are: Norma Jean Follis, Joan Patch, Cornelia Swain, Pat Lanius, Jerry Keeton, Betty Lynn Knight, Sarah Connelly, and Betty Harris.

The MTSC Veterans Club was organized in the fall of 1953, with 39 members. By the Spring of 1954 that figure had grown to 52 active members. A growing interest of veterans in their GI Bill and announcements of news in this regard is attributed to be the reason for the fabulous

growth of the club.

Officers of the Vets Club are, Commander Billy Hix; Vice-Commander, John Markle; Adjutant, William Cain; and Sergeant-at-Arms, Sammy Lewis. Jesse Crowe is sponsor of the organization.

VETERANS CLUB

AVIATION CLUB

The Aviation Club provides opportunities for both men and women to learn more about aeronautics, and to gain experience in the field of aviation.

Not all members of this group are flyers, but all are interested in the new developments of aviation.

This club isn't all work by any means. Members take part in breakfast flights, cross-country flights, and contests. They are given opportunities to hear speakers representing some of the major airlines. The club has taken part in the National Inter-collegiate Air meet.

NATHAN B. FORREST CLUB

The Nathan Bedford Forrest Club is an honorary club for the outstanding members of the junior class in ROTC. It was organized this year under the direction of Captain Crawford Keith, the faculty advisor, and its founders predict a great future for the organization. The club's objective is to promote a better understanding of ROTC.

The club is named in honor of that great Confederate General of the same name. General Forrest was the only soldier in the Civil War to rise from the rank of private to that of a Major-General. The by-word of the general, "get thar fustest with the mostest," has become the motto of this club.

TRACK AND SABER CLUB

The Track and Saber Club is an organization within the ROTC Cadet Battalion. Since October, 1950, it has been established with the mission of advancing the campus social life of the ROTC cadet. The club officers are elected annually from the junior and senior classes by the members. Each cadet is privileged and invited

to participate, thus the Track and Saber Club is the largest club on the campus.

As the club has grown so has its social success. The event of the year on the college social calendar is the Track and Saber Club's Military Ball. Each year brings better bands and bigger crowds.

FOOTBALL

The 1953 Raiders completed successfully their second year in the tough Ohio Valley Conference by posting a 7-4 won-lost mark. The championship of the conference was determined on the home gridiron of the Raiders on Thanksgiving

Day in a tough battle with a powerful TPI team. Captains Howard Alsup and Garnet Rather led Coach Murphy's "boys in blue" to many hard fought victories over some of the stiffest competition the Raiders had faced.

MTSC VS. WESTERN KENTUCKY

Coach Charles Murphy and his grid staff took a top backfield quartet, that included hard-running Bobby Young and sleek Garnett Rather, added a terrific desire to win, and moulded it into one of the top editions of football power in recent seasons, on top of a tough schedule.

The Raiders opened the season without wasting much time upsetting Western Kentucky, 13-0, behind a recovered fumble by All-OVC tackle Howard Alsup and a blocked punt by end George Haley.

MTSC VS. EASTERN KENTUCKY

It was a different story a week later, however, in Richmond, Kentucky. A couple of Raider bobbles early in the game set up two Eastern Kentucky scores, and when two Raider threats fell short, the Maroons went on to win, 15-6.

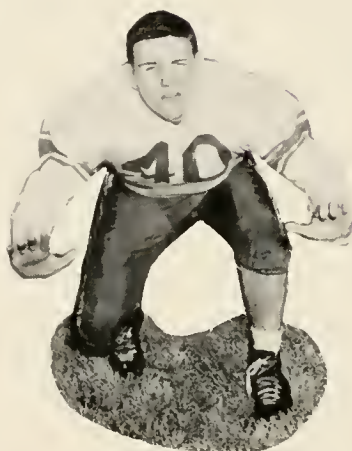

MTSC VS. SEWART AIR BASE

First victim on the Raiders' four-game win skein was Sewart Air Base, which fell 33-0. The contest was highlighted by a 59-yard touchdown jaunt by Bobby Young on the opening play and the passing of Kenneth Duke and Freshman Jimmy Dunlap, the two netting 153 yards in the air and three talleys.

MTSC VS. TROY

The following week the Raiders went to Troy, Alabama, and outlasted the Red Wave, 6-0. Young scored from six yards out early in the first period, and the powerful Raider fore-wall held on the rest of the way.

MTSC VS. MOREHEAD

Once again it was number 20, Bobby Young, leading the way against Morehead as the Raiders captured their second Ohio Valley Conference win 14-0. Young racked up 150 yards in 20 carries, scoring the Raiders second marker.

MTSC VS. MEMPHIS

The big test came on October 24 in Murfreesboro, where the Raiders encountered strong, and only once-beaten, Memphis State. Here exclusively, that big hunger for victory brought them from the claws of defeat to a Frank Meriwell-type win. If there were any doubts as to the utmost ability of the 1953 Raiders in the minds of fans, it was soon extinguished by Young and Company. The powerful fullback once again led the way, gaining 123 yards in 25 carries, scoring 19 of the Raiders' 26 points, punting twice for a 43.0 average, and taking a big part in THE play of the game. The aforementioned account came with 2:10 remaining and the Raiders trailing 20-19. With a fourth-down-and-six situation on the Memphis State 14, Young faded and hit George Haley with an aerial on the one, setting up the winning touchdown.

MTSC VS. FLORENCE STATE

But the fangs of defeat struck once more as Florence State downed the Raiders, 14-0. The Lions' victory was the second setback against the Raiders, and marked the first time they have failed to score since 1950.

MTSC VS. MURRAY

It was another close one at Murray, Kentucky, but another top pass play from Francis Reynolds to freshman, Gene Sadler once again brought victory to the Raiders, 28-25; their third OVC win in four starts.

MTSC VS. EAST TENNESSEE STATE

The team came back to Jones Field the following week to garner their seventh win, downing East Tennessee State in an exciting see-saw battle 34-28.

MTSC VS. VANDERBILT

Once again the Raiders invaded Vanderbilt's Dudley Stadium to take on the Commodores, only this time things were a bit different. A 13-6 Raider halftime lead made some sit up and take notice, but the Commodores roared back in the final half to down the fighting Raiders, 31-13.

MTSC VS. TENNESSEE TECH

On Thanksgiving Day, Tennessee Tech roared into Murfreesboro with revenge in their eyes, and before the smoke and debris of battle cleared, it was evident that they intended to get it. With the OVC title at stake, the Eagles pounded out a 46-13 win to spoil the Raiders' homecoming and take the conference crown.

BASKETBALL

The 1953-54 cage Raiders were, without a doubt, one of the most improved ball clubs in the area. Playing its second season in the strong Ohio Valley Conference, Coach Charles Greer and his crew had a major task in bettering the 6-17 won-lost mark posted last season.

They jumped off to a fast start in downing Eastern Kentucky, 60-59, in the second game of the season, for their first conference win since attaining membership in the OVC.

The Raiders were led by Sophomore John

Price, a "small" 6-3 pivotman, who tallied 477 points in 26 games. Not far behind was All-OVC guard Ken Trickey with 430.

But with opponents like Western Kentucky, Vanderbilt, Memphis State, and Murray, it was evident that the way had to be a tough one.

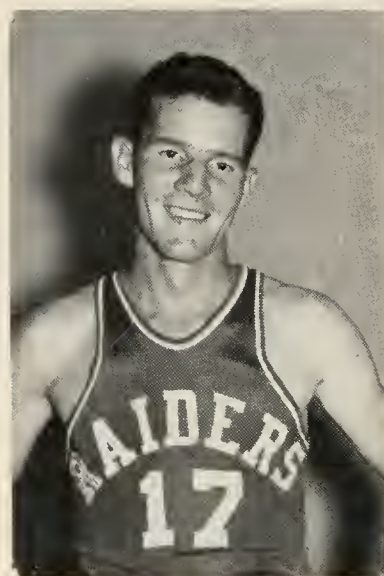

With only one senior on the squad, prospects for the 1954-55 season are bright. The Raiders wound up with a record of 12 wins and 17 losses, including a first round victory over Murray in the Ohio Valley Conference tournament.

Although the Raiders did not post an impressive record this season, they made the fans proud of them by becoming the first Tennessee college to win a game in the Ohio Valley Conference tournament, where basketball is king.

The Raiders are seeking to build a balanced team around men like Ken Trickey, Sam Smith, and Tom Hogshead, all of whom are juniors.

BASEBALL

The baseball team expected one of its finest records this year, losing only four men from the 1953 squad that won 10 and lost 7.

Only one of those four was a pitcher, and with the returning of righthander Jim Ballard from the service, the mound staff should be as strong, if not stronger, than in the past.

Bobby Osteen, Gerald Johnson, and Martin Garrett return to bolster the attack, along with

plenty of Freshmen and Sophomores to add to the power at the plate, as well as to the defense.

Ralph Osteen, Glen Wakefield, and John Brock graduated from last year's team, while Jim Evans was lost to the Army.

The University of Tennessee and Miami University of Ohio were added to an already strong schedule that included Vanderbilt, Western Kentucky, Tennessee Tech, and Murray.

Members of Coach Riel's squad for 1954 (which will be pictured in the 1955 MIDLANDER) include, Raymond Hunter, James Stinnett, Bernard Street, Martin Garrett, Gerald Johnson, Bobby Osteen, Will Crowell, Joe Evans, Marvin Rolman, Russell Waddell, Johnny DuVal, Ralph Sellers, Jim Satterfield, Joe Maynard, Edward Griffith, Jim Ballard, John Carson, Douglas Shrader, Lynn Banks, Jim Rion, Mitchell Thompson, J. RAIDERS FORM TRACK TEAM

In introducing track and field sports at MTSC Coach Joe Black Hayes was faced with the difficult task of developing intercollegiate competitors from inexperienced material in less than a month. The team will enter OVC and VSAC meets this season. On the basis of Coach Hayes success in building wrestling teams at MTSC from scratch to a top regional contender in three years the track fans may confidently hope for a strong Raider team within the next two years.

TENNIS

Every year when spring rolls around at MTSC the Blue Raider tennis team goes forth for combat with OVC opponents.

The 1953 net team led by Captain Bill Clark was very successful in its first year of OVC competition. Two freshmen helped out the team very much. Gene Porter was Captain this year.

First row, left to right: G. P. Long, James K. White, Manager, Hal Christiansen. Second row: Chuck Duncan, Bill Clark and Gene Porter.

GOLF

Coach Elbert Patty's golf team made a successful tour of most of the links in the OVC. The "tee" men under captain John Ramond Smith played home and away games with such OVC opponents as TPI, Western, and Murray. Allan Welch was captain this spring.

First row: Billy Porterfield, Don Jackson, David Leverette, G. P. Long, Marion Collins, David Feldhous, Duncan Everett, Doug McDonald, Bobby Young. Second row: John Nickens, Larry Parsley, T. Motlow, Martin Cross, Billy Hix, George Frost.

WRESTLING

The 1954 edition of the Blue Raider wrestling team, coached by Joe Black Hayes, went to the mats eleven times and retired the victim eight of these times. In the process of making this 8-3 record they defeated such schools as Vanderbilt, Sewanee, and Maryville. The Raiders closed out the season by taking second place in the Southeastern intercollegiate wrestling tournament which was held at Middle Tennessee this year.

Heavyweight Bill Hix, with a season record of nine victories against two losses, took the Southeastern heavyweight title, and John Nickens with a 9-2 record won the 177 pound crown. Captain Bill Porterfield took third in the 123 pound class. Other members of the team that placed in the Southeastern meet were James White, 115 pound class, second; Norman Sullivan, 137 pound class, third; Doug McDonald, 157 pound class, third; and George Frost, 191 pound class, third.

GIRLS' INTRAMURALS

Miss Davis heads the girls' intramural program. The girls participate in such sports as basketball, table tennis, volleyball, softball, touch football, and badminton. The teams are organized according to their majors. Business, Education, Physical Education, Home Economics and Science make up the intramural program. The program is conducted by the Women's Athletic Association. Competitive spirit is very high; the various teams

competing for championship titles and winning honors.

A new sport was added last year when the natatorium was finished. We now have intramural swimming as well as the other sports mentioned.

The pictures are evidence of the many adequate facilities available for the betterment of our intramural program.

BOYS' INTRAMURALS

that will make better young men. You will find that it makes better students if they participate in some sport.

It is the desire of the head of the boys' intramural program that all students get into the program. They do their best to get body building exercise daily. This will not only prove interesting, but very helpful in many ways.

The director, Coach Joe Black Hayes wants to see fewer students on the sidelines and more in the games. They will have the sport that will appeal to your liking.

And above all remember the seven rules found in the code of good sportsmanship.

1. Keep the rules.
2. Keep the faith with fellow students.
3. Keep your temper.
4. Keep yourself fit.
5. Keep your pride in victory.
6. Keep a stout heart in defeat.
7. Keep a sound, clean mind and a healthy body.

The Health, Physical Education and Recreation Department is vitally interested in the physical and mental health of the entire student body. The wholesome recreation, and physical training of an intramural sports program is designed to reach all of the students regardless of their likes.

Our intramural program is so varied that you can select and participate in some of the activities

The men's intramural program at MTSC had a very successful year. The color teams competed in touch football, badminton, cross country, basketball, table tennis, free-throw, hole-in-one golf, tug-o-war, tennis, swimming and track.

The fifteen men leading in intramural points were Garner Ezell, Sam Woodfin, Charles N. Smith, Tommy Griffith, Bill Porterfield, Quentin Lane, Bernard Street, Raymond Hunter, Sid McGrew, George Haley, Bobby Ray Smith, Dan Thweat, Johnny DuVal, Don Jackson, and Jimmy Smith.

The team standings were as follows: Black 323, Orange, 293, White 248, Blue 238, Green 139, Yellow 112, Red 81, Brown 78.

The program of intramural activities for girls is under the direction of the Woman's Athletic Association. Mary Joyce Williamson is the organization's intramural manager.

The following new members were admitted to the WAA this year: Barbara Baker, Shirley Bland, Betty Bennett, Mavis Bradley, Jean Marie Byrom, Mary Lou Couch, Wilma Deuel, Libby Duncan, Mary Ann Duggin, Lila Elmore, Lenora Freedle, Dora Mai Gordon, Rebecca Hardcastle, Sue Matthews, Jerri Moore, Faye Presnell, Juanita Prince, Catherine Ray, Mary Reed, Betsy Speer, and Joan Woodard.

Each of these will receive a certificate which entitles her to work for other awards. All girls enrolled as students are eligible for membership in the WAA. All are eligible to participate in intramurals even though they are not members of WAA.

Pins will be awarded to Donna Cantrell, Marguerite Cotton, Kathryn Darden, Ruth Page, Betty Newman, Joyce Payne, and Mary Joyce Williamson.

Dorothy Dickey, Elizabeth Hay, Marguerite Holland, Dimple Moncrief, Jean White, and Mary Joyce Williamson will receive monograms. Most of these will have enough points when they are seniors to receive a sweater and letter.

Winners in the activities for 1953-54 were: Team Sports: volleyball, science; basketball, science; softball, Rutledge Hall.

Dual Sports: Shirley Bland won the table tennis tournament defeating Ruby Cathey in the finals.

Semi-finalists in badminton are: Joyce Payne, Ruth Page, Marguerite Cotton and Marguerite Holland.

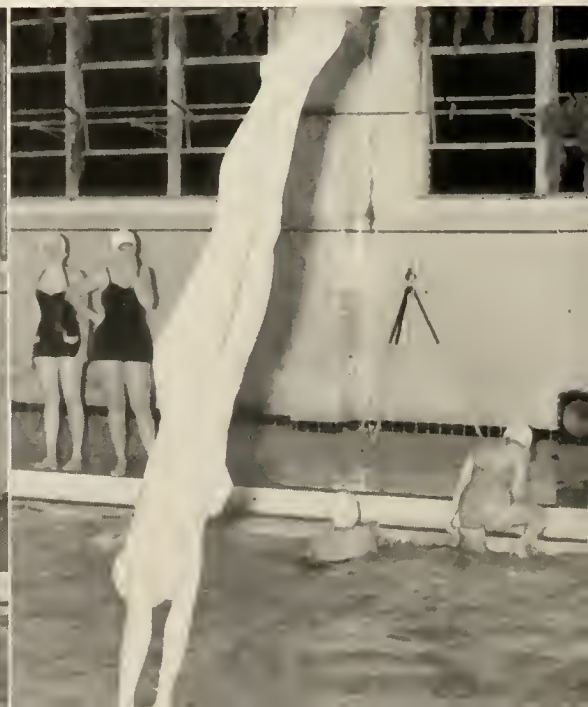

In water: Jean White, Jerry Moore, Marguerite Holland, Dorothy Alsup, Betty Newman, Donna Cantrell, Jo Ann Aylor, Carolyn DePriest Lehning, Nancy Ford, Georgianna Barkdull, Mary Jo Dillon, and Joyce Cooper. *Seated:* Margaret Coleman, Jimmie Burr, Donna White, Charlotte Miller, Barbara Baker, Ruth Page, Ruth Beaty, Marian Askins, Nancy Shofner, Marguerite Cotton, Mary Frances Colvin, Lenora Freedle, Lavonne Wiley, Betty Hale, Lenora Barber, Wilma Deuel, Mickey Jackson, Joyce McMillan, and Mary Margaret Steagall.

AQUATIC CLUB

The Aquatic Club has initiated the annual water pageant. This year the show was centered around the months of the year. Boys appeared for the first time in such a program at MTSC.

The pageant is under the direction of Mrs. Betty Littlefield, energetic sponsor of the group.

In order to become a member of the Aquatic Club, a girl must pass a swimming skill test.

MISS HOME ECONOMICS

Betty Jane Harrison, "Miss Home Economics for 1954," is a senior home economics major. She has been a member of the Home Economics Club for three years and is now serving as club president. She was club secretary last year.

Miss Harrison was chosen out of ten home economics majors for her activity in the club, dependability in assuming responsibility, scholarship, poise and grace, personality, social confidence, and professional interest in the field of home economics. On graduation she will be a member of the National Home Economics Association.

ECONOMICS AWARD

This year the Economics Award went to Eugene Potts for his outstanding work in the field of economics. This award is given to the most outstanding economics student each year. The winner is selected by the economics instructors.

STATE ORGANIZATION OFFICERS

Ernestine Miles has received state recognition in Home Economics. She is president of the Tennessee Home Economics Association College Clubs Division and president of Province "5" Workshop of the American Home Economics Association College Clubs Division.

Malcolm Rives has served as president of the Tennessee Association of Collegiate Student Governments for the year 1954. Middle Tennessee

State College is a charter member of that organization.

Lucy Hale was elected secretary of the Tennessee Association of Collegiate Student Governments for the year 1954. Student government leaders of MTSC attended the TACSG convention which was held at Carson-Newman College on May 7-8.

N. E. A. MERIT AWARDS

National Education Association awards to Future Teachers of America were presented to six seniors. To win this award the students must

earn at least 200 points by the end of his senior year. He obtains points by the number of hours work he does in education and FTA club work.

Winners this year were Gilmon Jenkins, Shirley Keys, Dossie Taylor, Dot Douglas, Peggy Ambrester and Lucy Hale.

SAM DAVIS DRILL TEAM

This year is the first year that the ROTC detachment has had a drill team, and it soon became a familiar sight during half-time at football games.

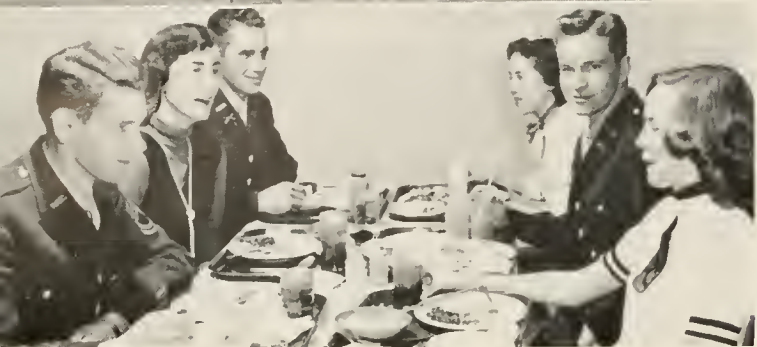

The success of the team was due largely to the efforts of Cadet Major Henry G. Davis, who organized and coached the unit, and of course to

each individual of the team, who applied himself so diligently.

The team was named in honor of the Confederate hero, Sam Davis, the Tennessee boy hero of the Confederacy who accepted death by hanging rather than betray a friend.

Left to right: George W. Haynes, Jr., Raymond Busey, Roscoe G. Spielman, John D. Jackson, Edward G. Smith, James K. White, James D. Clark, Howard W. Berryhill, George T. Scott, John E. Seiler, Jr., Ralph C. Wrather, William A. Davis, Donald B. Justice, C. L. Robertson, Jr., L. C. Robertson, James D. Mullins, Henry C. Wilson, Jr., Charles C. Williamson, Robert I. Farris. Standing: Henry G. Davis.

ROTC SPONSORS

The ROTC sponsors are chosen by popular vote of each ROTC company. The girls march with their companies dressed in beautiful blue and white uniforms, which correspond with the school colors.

Left to right: Carolyn DePriest Lehning, "C" Company; Joyce Garner, "B" Company; Peggy McQuiddy, "A" Company; Betty Jo Hyde, Battalion Staff; Betsy Speers, Battalion Band; Jean Gregory, "D" Company; Margaret Coleman, "E" Company.

Captain Rutledge and Band Sponsor Betsy Speer lead the Band at Dress Parade.

Doyle McNatt, battalion "drummer boy" joins the Dorseys and royalty for an informal chat at the battalion ball.

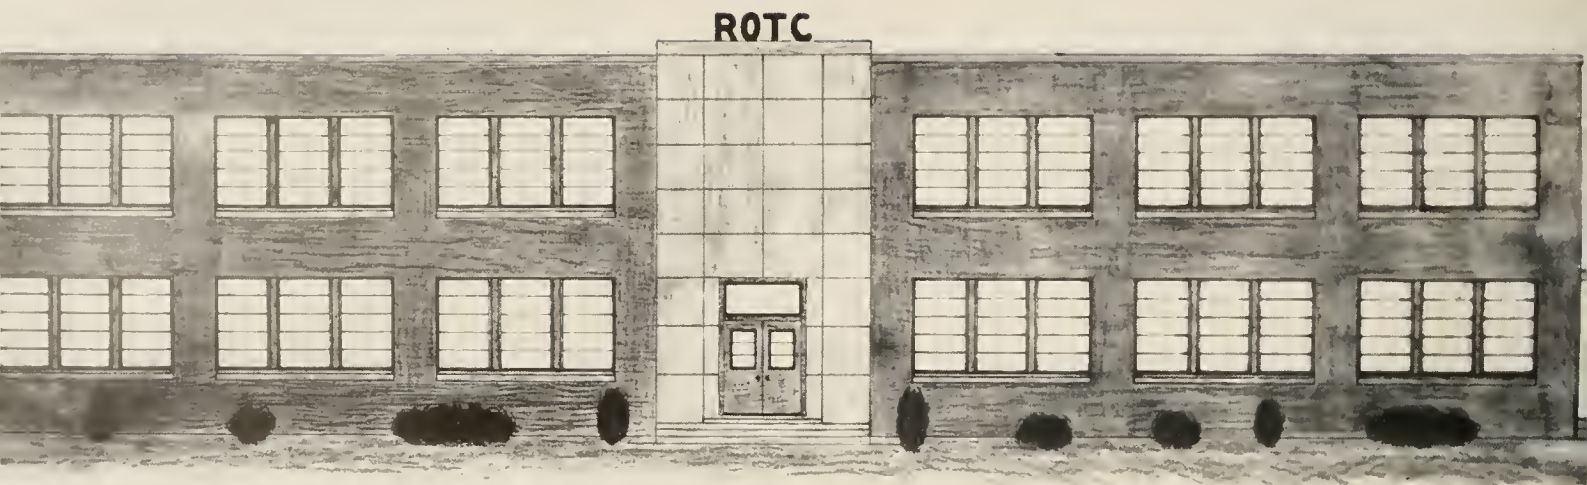

ROTC BAND

Cadet Captain Howard L. Rutledge
Commander of Band Company

First row: Doyle McNatt, Howard L. Rutledge. Second row: Tommy Tucker, John Baggenstoss, David Bruhner, Patrick Wall, Danny Morehead, Captain Vail. Third row: Kirk Waite, James Ridley, Robert Cranford, Fred Boswell. Fourth row: Darrell Harmon, Basil Rigney, Joseph Smith, Lyndell Robertson, Ben Herman.

ROTC BUILDING

The battalion stands inspection with the new ROTC building, which will be completed in August 1954, looming large in the plans for next year. The armory faces the parade ground on the east side of the campus.

Classroom work and mockups put the "science" in military science and provide tactical problems soon to be worked out in field maneuvers.

Cecil Elrod Jr.

GENERAL MANAGER

As we reach the end of our college days, we realize that there are many things left undone which we wish we could crowd into the dying hours of our college career. We are nearing the end of an era in our lives and are about to embark on the bright and shining sea of the future with its hopes and dreams. As this day approaches, we feel the sadness of leaving our home for four years and the joy of what the future holds in store for us.

THE END
